THE DEATH OF LIBERTY: THE FINAL SCENE UNFOLDS

When police investigators begin amassing evidence at a crime scene, the bits and pieces of the puzzle begin to take shape. Usually, with several trained men and women working together to come up with an answer, the intent and actions of the perpetrator are almost always revealed.

Since my core training and experience over many years was as a state level enforcement officer, I have worked crime scenes that were large, complex and conflicting. With enough time, effort and resolve, we too, were able to bring the bad guys to account.

You certainly do not have to be a trained state trooper—or any other level police agent—to use common sense, logic and knowledge, to assess the crime scene that has become the socialist states of amerika.

I continue to be at a loss to explain how it is that so many tens of millions of amerikans simply do not see the utter destruction of their former republic by socialists, one worlders, deviates, liars and thieves. The men in black have been roving the country flashing their memory erasers around the clock. Let's take a check on how things are really going.

Our nation's police forces prior to the criminal thug Richard Nixon were centered on community policing. MOST of their time was spent on looking for, identifying, and monitoring criminals, and responding to unusual or dangerous events that were beyond the control of ordinary folks. We appreciated those officers and were proud to say, "he is OUR Cop!" We knew that we could talk to him, kid him, see him play adult softball, and sit across from him in church. We watched him

I continue to be at a loss to explain how it is that so many tens of millions of amerikans simply do not see the utter destruction of their former republic by socialists, one worlders, deviates, liars and thieves.

shed tears when one of our kids didn't make it home after a night of drinking and driving. We remembered him at Christmas, because he didn't make much you know.

I said "him" because back then, there were no women in the ranks.

As government began its sickening expansion, policing became a meaner and nastier job. It was made that way by badge wearing thugs who didn't hesitate to do whatever they were told by the S.A.C. (Special Agent in Charge) of the FBI, BATF(E), US Marshal's Office right down to armed poultry inspectors—yes they have them and they are really tough on criminal chickens. The "us against them" mentality, and the "mission essential" attitude justified SWAT teams, "dynamic entries," and later use of MACE, TASERS, FLASHBANG GRENADES and "routine" use of SUBMACHINE guns. All in the name of "taking down" the accused—no matter the charge. I abhor such police tactics and was an officer that served my own warrants, rarely with one other officer at the back door.

Now we have become eaves-dropping, roadblock setting, door crashing, face grinding, arm breaking, pursuit driven bastards that have sold their asses to the government masters hell bent on establishing the TRUE reincarnation of the dreaded SS. That is NO overstatement. Note: There are significant numbers of officers at all levels that simply detest the forced training at FEMA centers, the requirements to stop Patriots and others simply because they "look" dangerous, and are exercising free speech statements on their vehicles. By whose ultimate authority does this take place? By whose ultimate judgment is it that it is necessary to harass INNOCENT drivers and families? The public sees this Gestapo mentality as far more of a danger than any stickers they put on their vehicles? Where are all these "faithful" enforcers of the law when it comes to confronting the unlawful, unconstitutional, unjustifiable, and unmerciful rotten bunch of usurpers, communists, atheists, deviated, immoral scungebuckets that are walking the halls of Congress, the White House, and the Federal Courts? How is it that the "get 'em at any cost" morons at Homeland Security have created an environment in amerika that is an unwarranted intrusion of power in 186 other nations?

And all of this is done in the name of safety and security. I guess that a majority of ignorant buffoons really do believe that Barack Sotero is the Messiah and he does hold the keys to socialist paradise in his hands.

So, once again, I implore those officers of the law who are in grave doubt about the legitimate authenticity of their superiors in any agency, to simply read the constitution, re-read their oath of office, seek out retired officers for guidance, and remember this very carefully—to brutalize citizens in the pursuit of order, is a guaranteed recipe for resistance. PLEASE do not pit yourselves (all 650,000 officers at all levels in the US) against a seething and angry populace who outnumber you 5000 to 1. Believe me; you want all of us working with you, not against you.

Have you been made aware of the massive roadblock plans to stop all travelers for a vaccine bracelet (stainless steel band with a micro-chip on board) that will force you to take the shot? Refuse it? You will be placed on a prison bus and taken to a quarantine camp. What will you do when your children are NOT allowed into school without the shot? What will you do when you are not allowed into the workplace without the vaccine paperwork? Buy groceries? Go to the bank? Shop anywhere?? Get on a plane, bus or train? Use the toilet in the mall? Nope. Police officers will become loathed, feared, despised and remembered for their “official” duties.

This nation is racing at interceptor speed toward a day of reckoning that has never been dreamed of. The lack of common sense, unusual brutality, and unintended consequences of the days of fall and winter will turn our overweight, undereducated, unchurched, and unprepared society into a wasteland of the abused and uncared for leftovers.

The recent training session in Crystal Falls gave people from all over the Midwest, an opportunity to taste independence, teamwork and hope. The singleness of purpose and deep caring for others who an half hour before were unknowns, proved to us all that freedom, honesty, personal skills based on common sense and preparation REALLY DO WORK!! We will never forget that time together. The caring folks who have asked me to come and speak to them about these same issues are precious examples of Americans who are willing to make the effort to have someone—ANYONE—help them see some daylight. We are beginning to make a difference, thanks to them.

The reason hundreds of others have sent for the DVD seminar, is because they could not get to a live seminar. They have seen the need, are sharing the information and are 100 to 1 grateful for it. One guy calling himself the “anti-rights American” told me precisely what he thought of me and others like me (implied). I cannot state it here. One other said it was useless to him since he was a Viet Nam veteran involved with MAC-SOG training and forward combat experience. I replied to him that many of the folks who were thrilled and let us know that, were not in his league. You decide, and no matter how I would like to be one of hundreds providing this service, I am one of a VERY few. I am told that no one else is willing to commit to a live audience or DVD, the things that I say.

That was certainly true of the issues covered at the in-field session held last week. It is time to lay down some plans that will get you through the galactic storm that is almost upon us. Do all you can. Do what you must. If you hesitate, you will become a quarantine camp victim or a casualty.

I have hundreds of police officers at all levels and military men placing their careers on the line with information that confirms every shred of the worst case scenario. You have been warned

thousands of times, and yet you dismiss me and many others out of hand as nut-jobs, because we went out to the twig part of the branch to bring you information that freedom loving true remnant patriots must have.

I do not know entirely where amerika is in these perilous times in regard to the Holy Scriptures, but I will tell you this. We have welcomed the evil that has gripped this land and deserve whatever is retribution from God. I do cling to the hope that we will make some difference to others, if we will just not give in to the sweet assurances offered by the deceiver in charge of the nation and his winged monkeys on Capital Hill. The federal courts are basically the living room of hell for wrongfully accused citizens who have no other choice but to submit to the mouth of the lion.

“Look up, for your redemption draweth nigh,” is sufficient for the Believer. For the smug, anti-Christian militants, gay rights activists, brutality minded judges and others. Look straight ahead, for your moment of accountability before fed-up Americans is closer than you care to think.

To dear friend Alan Stang’s family, you are in Liz and my fervent prayers. A giant oak has fallen. We will deeply miss his strength and the comfort of his intellect, love of country, and courage very rarely equaled. Good-by friend, see you later! Please see to it that his family does not want for a thing.
